THE HOSPITAL & HEALTHSYSTEM ASSOCIATION OF PENNSYLVANIA

CFO 97-93

December 24, 1997

TO: Chief Financial Officers of HAP Member Hospitals and Health Systems

FROM: Virginia Antonoplos, Director, Health Care Finance Policy

SUBJECT: Medical Assistance Rates

In response to continued pressure from HAP, the Department of Public Welfare has agreed to release certain Medical Assistance (MA) payments that were held pending completion of the Medical Assistance rate negotiations. HAP President Carolyn F. Scanlan notified hospital CEOs by fax on December 18 and 19 of the release of these payments. This memo is to give you further details.

Medical Education Pass-through Payments: The department is releasing the MA medical education pass-through payments for October, November and December. These payments will be included as a gross adjustment in the MA Remittance Advice dated December 29, with checks mailed to hospitals on or about January 7. At this time, the department has not agreed to reinstate the regular monthly medical education payments, however we will let you know as soon as that happens.

Outpatient Disproportionate Share: These are quarterly payments to high volume MA hospitals. The payment that was due in October will be included in the Remittance Advice dated December 29. The department has not yet agreed to release the payment that would normally be due in January.

Rural Access Pool: Twenty-three rural hospitals have been receiving quarterly rural access pool payments under the MA Agreement. The payment due in October will be included in the Remittance Advice of December 29. Again, we will let you know when the department agrees to release the next quarterly payment.

for Joe, we should be receiving estimated amounts in amounts in the future

Community Access Fund (CAF): The CAF was first funded in fiscal year 1996-97 and goes to 34 urban and rural hospitals that were especially hard hit as a result of the elimination of MA coverage for General Assistance recipients. The Legislature again provided CAF funding for the current fiscal year, with the list of eligible hospitals

remaining the same. Payments will go up slightly since the federal matching rate has increased. The department advised HAP that it is taking steps to release the CAF payments, however the process will take longer. The department must first publish a notice in the *Pennsylvania Bulletin* and submit a revised State Plan Amendment to the Health Care Financing Administration. We will notify you as soon as we get an expected payment date from DPW.

Questions: If you have any questions about any of these payments or need additional information, please call me at (717) 561-5317, or David Myers at (717) 561-5358.

MEMORANDUM

TO: Joe Dionisio
Senior Vice President and CFO, AGH

Charles P. Morrison
Senior Vice President and CFO

FROM: Steve Spargo *SHS*
Senior Vice President, Corporate Support Services

DATE: March 6, 1997

SUBJECT: Increased Medicare GME Payments

HCFA recently issued clarifying regulations which, at least for fiscal years 1996 and 1997, restored an additional one year in the determination of initial residency periods (which means that we can still count residents during the year immediately following their prescribed residency periods as 1.0 FTE as opposed to .5 FTE). Since this clarification is retroactive to fiscal year 1996, we can expect the settlement of our 1996 cost reports to yield the following favorable adjustments:

AGH	\$375,000
HUH	\$500,000
MCPH	\$225,000

These reserves, which are available for income recognition at your discretion, should also be replicated in fiscal year 1997, assuming that our mix of residents is fairly constant.

RE: Deposit of checks received from Pennsylvania Higher Educational Facilities Authority (PHEFA) related to Hahnemann University College Revenue Bonds, Series 14

Enclosed please find four (4) checks in the amounts of \$87,726.85, \$91,273.31, 8,974.56, and \$104,265.34 (totaling \$292,240.06) made payable to Hahnemann University. For your information, I have also enclosed correspondence received from PHEFA which provides an explanation of the nature of these surplus funds.

Please handle the deposit of these checks and the coding to the appropriate general ledger accounts.

Thank you for your cooperation.

To: Chief Executive Officers of Community Access Fund Hospitals
From: Carolyn F. Scanlan, President and Chief Executive Officer
Subject: COMMUNITY ACCESS FUND PAYMENT

Summary: The Department of Public Welfare has determined that your hospital is eligible for payment under the newly created Medical Assistance Community Access Fund (CAF). The purpose of this memo is to provide you with information related to that payment.

Background: Last year, after the state legislature passed the Governor's proposal to eliminate medical assistance coverage for most General Assistance (GA) recipients, HAP and individual hospitals sought additional funding for hospitals that were especially hard hit by the GA cuts. The state legislature ultimately included an additional \$10 million in state funds in the FY96-97 budget for this purpose. With \$11.2 million in federal funds, a Community Access Fund totaling \$21.2 million was established for fiscal year 1996-97.

Since that time, the Department of Public Welfare (DPW) has been working with the state legislature to determine which hospitals should receive funding from the CAF. A policy was finally established under which 34 hospitals qualify for the CAF. The Fund will make payment to (1) the top 16 hospitals with the greatest GA losses, either in absolute dollars or as a percentage of net patient revenues, except that hospitals receiving certain levels of MA medical education payments are not included; and (2) 18 rural hospitals qualifying for MA inpatient disproportionate share under the rural hospital method. The \$21.2 million will be allocated based on each hospital's GA losses as a percentage of the GA losses for all qualifying hospitals. DPW's data is being used for the calculation. Attached to this memo is a sheet showing the amount of your hospital's payment.

Re: Community Access Fund

Dear Ms. Scanlan:

The Hospital and Healthsystem Association of Pennsylvania ("HAP") has requested an opinion from Duane, Morris & Heckscher concerning the Pennsylvania Department of Public Welfare's ("DPW") ability to distribute approximately \$10 million (state funds) in Community Access Fund monies ("CAF monies") to eligible hospitals. According to HAP's understanding, DPW believes that it is prohibited from distributing CAF monies under the Agreement Among DPW and Commonwealth Hospital Signatories Regarding Medical Assistance Rates, Payments and Payments Methods for Fiscal Years 1996 and 1997 (the "Agreement"). The Agreement does not specifically prohibit the distribution of CAF monies.

It is our understanding that CAF monies were appropriated under the most recent Commonwealth budget to assist certain hospital institutions in the delivery of care to former General Assistance ("GA") recipients as a result of the withdrawal of funding for services provided to them. The Agreement, which was finalized last March, covers very specific Medical Assistance ("MA") rates and payments for acute care, psychiatric and rehabilitation providers, including, and limited to, base rates, capital costs, direct medical education payments, disproportionate share payments, and cost outliers. See Agreement, Table of Contents. The Agreement does not, and was never intended to, cover every type of payment made by DPW's MA Program to hospitals.

Carolyn Scanlan
February 24, 1997
Page 3

For these reasons, we conclude that the Agreement does not specifically prohibit DPW from distributing CAF monies to eligible hospitals. Of course, please do not hesitate to call me if you have any questions.

Sincerely,

Roland Morris

MEMORANDUM

TO: David W. McConnell
Executive Vice President and CFO

FROM: Stephen H. Spargo *SAS*
Senior Vice President, Corporate Support Services

DATE: March 3, 1997

SUBJECT: MA Payments

When the State significantly reduced General Assistance benefits last year, they established a \$20 million "community access pool" to be distributed to those hospitals most adversely affected by the GA cuts. The State is now preparing to allocate these funds and has advanced a list of 33 eligible hospitals, which specifically excludes all academic medical centers, but does include AGH at \$1.4 million and Graduate at \$.9 million. Mr. Abdelhak's decision to support the State's allocation plan was undoubtedly based on a system-wide perspective. As such, I am proposing that these payments, when received, be recorded as additional reserves at AHERF and not be recorded as revenue at either AGH or TGH. I realize that \$2.3 million hardly qualifies for a windfall, but I do think that it may be of some benefit when we evaluate our system-wide reserve positions in the months ahead.
